21 BUILDERS CONSTRUCTION GROUP LLC

Dominique House

Chief Operating Officer

Construction leadership built on experience.

Dominique House brings more than 20 years of experience in construction, facilities management, and executive leadership to 21 Builders Construction Group LLC. With a background spanning bridge infrastructure, historic renovations, corporate upfits, and higher education capital projects, Dominique combines practical field knowledge with disciplined operational oversight.

Dominique combines field expertise, budget management, and schedule coordination with a focus on safety, quality, accountability, and precise execution.

Current leadership & business growth

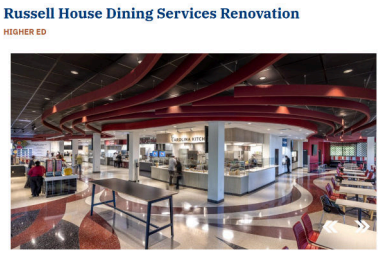

As Chief Operating Officer of 21 Builders Construction Group LLC, Dominique has secured major service contracts for eight apartment communities throughout Metro Atlanta, including Mableton Ridge Apartment, Redwood Apartments, Bradford Ridge Apartments, and Centennial Ridge Apartments. Work across a range of commercial property service scopes has contributed to more than $200,000 in business growth within six months.

Dominique has also secured residential contracts ranging from complete exterior house painting to substantial home repair and restoration, expanding the company’s work across both commercial and residential markets.

Field experience & project delivery

As a Carpenter and Field Engineer with Hood Construction, Dominique contributed to the University of South Carolina Russell House Dining Hall renovation, which included seven restaurants completed within a four-month schedule, and the Oliver Gospel Mission historic renovation.

Earlier work as a Bridge Laborer with Blythe Construction included the I-77 to I-277 ramp and the Oaklawn and LaSalle Road bridges in Charlotte. These projects established a strong foundation in structural safety, coordination, and construction methods.

Leadership & Qualifications

DOMINIQUE HOUSE | CHIEF OPERATING OFFICER

Executive leadership & facilities management

As a Superintendent with McFarland Construction, Dominique managed projects valued from $500,000 to more than $10 million. Assignments included Bank of America facility modernization in Mount Pleasant, South Carolina, and the Capital One Knolls Café upfit in Richmond, Virginia. Responsibilities included coordinating 50 to 100 subcontractors on a single project without an assistant superintendent.

As Director of Facilities at Johnson C. Smith University, Dominique oversaw a 1.05 million-square-foot campus comprising 52 buildings and managed 13 simultaneous capital projects valued from $200,000 to more than $5 million. This work included improving departmental workflows, establishing operating protocols, and strengthening regulatory compliance.

Education & professional credentials

Dominique holds an Associate of Science in Building Construction Technology from Midlands Technical College and a Bachelor of Science in Business Marketing and Management from Western Governors University. Graduate studies include an MBA in Information Technology Management in progress and completed master’s-level coursework in accounting and finance.

Credentials: OSHA 30 certification; CompTIA Project+ certification; Microsoft Excel certification; aerial lift training; and paramedic certification.

The 21 Builders commitment

At 21 Builders Construction Group LLC, Dominique provides operational leadership centered on clear communication, proactive problem-solving, and reliable project coordination. This experience supports the company’s commitment to integrity, quality workmanship, and careful attention to every stage of construction.
